

# The American Institute of Architects Continuing Education Systems

## AIA/CES Registered Provider Program Summary Handout

**Provider:** Buechel Stone Corp. (T094)

**Length:** 1 hour

**Program #:** BSC-201

**Credits:** 1 LU hour

**Program:** Natural Stone:  
Retaining Walls & Paving

**HSW:** No

**Description:** This program will give participants a better understanding of natural stone and how it is used. Participants will learn about the different types of quarries, how natural stone is quarried, why different quarries produce different stone conditions, natural stone installation patterns, and stone terminology.

**Learning Objectives:** After completion of this course, participants will be able to:

- Identify the qualities of natural stone
- Identify different quarrying processes
- Better understand the natural stone fabrication process
- Better understand installation patterns and strategies

**How Taught:** The CES facilitator utilizes a PowerPoint presentation to provide an in-depth review of the following: identification of the qualities of natural stone, identification of the different quarrying processes, review of the fabrication process of natural stone, and review of the installation patterns and strategies of natural stone.

**A/V Needs:** Electrical power and screen for the PowerPoint presentation. The CES facilitator will supply the projector and laptop.

**Target Audience:** Architects, specifiers, developers and other design professionals. The ideal audience size can be 10-50 people. This is a thorough program that meets the needs of professionals at every experience level.

**Facilitator Qualifications:** All Buechel Stone Corp.'s facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

**Costs:** There is no cost to bring this program into your firm or chapter meeting.
